pursuant to Section 50 (a) of the Revised Implementing Rules and Regulations of Republic Act No. 9184 on Alternative Method of Procurement, to wit:

“Direct Contracting may be resorted to by the concerned Procuring Entities under any of the following conditions:

a. Procurement of Goods of proprietary nature which can be obtained only from the proprietary source, i.e. when patents, trade secrets, and copyrights prohibit others from manufacturing the same item;

XXX

c. Those sold by an exclusive dealer or manufacturer which does not have sub-dealers selling at lower prices and for which no suitable substitute can be obtained at more advantageous terms to the government.”

WHEREAS, in the BAC-G meeting dated 27 March 2025, upon the representation of the ICTD and ACD, the following are the additional justifications for the procurement of the Acumatica ERP License Subscription:

- Octal Philippines, Inc./CloudQwest Solutions, Inc. is an Acumatica partner in the Philippines and is the exclusive partner responsible to handle and deliver Acumatica ERP;
- ICTD is not procuring the entire new ERP system but the licenses only;
- Procuring the licenses instead of the whole ERP system is cheaper and cost-effective;
- The current ERP system is responsive to the current needs of BCDA; and
- ICTD will be conducting thorough gap analysis among the ERP end-users to identify issues and concerns.

NOW, THEREFORE, foregoing premises considered, we, the members of the Bids and Awards Committee for Goods, hereby **RESOLVE**, as it is hereby resolved, to recommend the following:
